As this application was filed after June 30, 2003, pursuant to 37 CFR §1.98(a)(2)(i), copies of cited US patent and US patent application publications are not submitted herewith.

possibly be in existence. Citation of any document herein is not to be construed as an admission that any subject matter disclosed in the document is necessarily within the inventive field of endeavor, that any disclosure is necessarily prior in time to a particular date which may be relevant to the instant patent application, and/or that any disclosure is otherwise necessarily prior art with respect to the instant invention.

Applicant also respectfully reserves the right to later set forth how the instant invention is distinguished over the disclosure of any document or other art, including the disclosure of those documents discussed herein, that may be cited by the Examiner in rejecting a claim in the instant patent application.

A first office action, notice of allowance or issue fee notification has been received in this case, so a check in the amount of \$180.00 is enclosed. **REQUEST FOR CORRECTION OF PTO-892**

To: Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

In the Office Action of March 16, 2005, in the above-identified case, form PTO-892 appears to contain a typographical error.

Specifically on form PTO-892, the Examiner cites Japanese application "JP 2002-111085" (published 04/2002) while Applicant believes that the correct reference is **JP 2004-111085** (published 04/08/2004). Applicant states that JP 2002-111085 is not relevant to the technical field of the subject application.

Applicant hereby requests a correction of form PTO-892. A marked-up copy of PTO-892 as well as a copy of JP 2004-111085 with an English abstract, is enclosed for the Examiner's convenience.

Respectfully submitted,
